### Maui Memos

The annual meeting of the Maui Racing association was held in Walluku court touse last Saturday.

The secretary reported that there was a balance of \$63 in his hands and the treasurer reported a balance of \$37.

A. N. Hayselden, G. B. Robertson and W. H. Cornwell, Jr., were admitted as new members.

The program for the coming Fourth of July races was then discussed and eleven running and trotting events agreed upon. The following officers were elected to serve for the ensuing term: President, A. N. Kepolkai, re-elected; vice president, L. M. Baldwin; secretary, George Hons, re-elected; treasurer, D. L. Meyer, re-elected; executive committee, James L. Coke, H. Eldridge and W. H. Cornwell, I.

The probable starters in the half-mile foot race are McMahon of Hilo, A. J. Coats, the man with the world's Y. M. C. A. athletic record, Walcout of Kamehameha, Ferrier and Wright of the Young Men's Christian Association, passing upon a set of by-laws and electing officers.

The principal difference between the constitution of the league this year and last will be that this year the league, as sach, will have nothing to do with hand-ling of money. There will be no treasury and no treasurer. Each club will pay its own bills and collect its share of gate-receipts, etc. The president and secretary are empowered to make contracts, subject to the ratification of the league. It is understood that the Volcano Stables & Transportation Company will give the teams 50 per cent of the gate receipts. It was voted at the meeting that 75 per cent

P. Maurice McMahon has written lengthy letter to the Hilo Tribune, in which he eternally burns up the Fourth of July Committee for shelving the matter of athletic events in favor of horse-

racing on the glad day.

His chief kick is that, whereas \$1,000 has been voted by the committee for

horse-racing, only a paltry \$150 has been set aside for the knights of the spiked shoe to scramble for. He says Hilo wants athletics and wants

them badly. his episite closes with the following: "In view of the discourteous and unjust treatment athletics have received at the hands of the committee, the under-signed citizens and young men of Hilo (whom I have had an opportunity to in-trylew) wish to enter a public protest arainst the same, and declare that ath-letics should have more encouragement and be awarded a proper share of the public funds, to be collected from the citizens of Hawaii, for the Fourth of Ju-

ly celebration.

Colonel Cornwell's 3-year old filly's name is Ahuli Manu and not Ahulu Manu,

Jack Gibson was around yesterday; he still feels considerably shaken up by his accident, but is otherwise all right, Mr. Gibson, one of the entrants in the special gentlemen's race, was working his horse on the track this week.

J. W. Chapman has obtained the sole refreshment concessions at the coming Jockey Club meet. Seven hundred dollars is the reported consideration.

Sidney Jordan, his brother and Mr.
Gardiner spent a day or so recently among the wild beasts of Hanakuli Gulch. They report a bag of thirty-seven goats

and three boars. There will be a meeting of the directors of the Healani Boat Club next week. There are already twenty-five entries in for the Young Men's Christian Association handball tournament, which commences next Monday. All the best players in the Association have entered, and rivalry for the season's championship will be keen.

The yachting season has started in

For General Weakness.

The debilitating effects of a warm climate and exposure to all kinds of weather are sure to bring on disorders of the blood and weaken the system. Mr. Charles Geddes, of Mt. Malcolm, W. A., sends us his photograph, and tells of a sure care for these conditions.

"For some time I have been landlord of the Royal Hotel in the Mt. Margaret gold fields district, eighty miles from the nearest railway. I have sold a great deal of Ayer's Sarsapa illa, and it gives the most universal satisfaction. When miners, prospectors, and others become run down by lack of fresh vegetables and fruits, and from exposure to all kinds of weather, their blood becomes very impure and the whole system greatly weakened. But

is always a sure cure. Thave known miners to send a hundred miles for it, such is their faith

How easy it is for young girls to go into the "decline." They eat less and less, become paler and paler and can harldy drag through the day. They are on the steady downward course. Iron does them no good; strychnine and bitters all fail. They need a food that will nourish them better, and a medicine that will correct their disease.
